Advanced Technology Video Bolsters HD Analog Video Solutions Series with New PTZ Dome and Covert Board Cameras

Coppell, TX – May 22, 2018 – [Advanced Technology Video](#) (ATV), a leading provider of innovative integrated security solutions, announces the release of two new HD Analog cameras, a 20x PTZ dome and a compact covert camera, adding unique value to the growing [ATV HD Analog Video Solutions](#) series portfolio. This camera series, which offers analog camera users a simple upgrade opportunity to Full HD, 2MP resolution utilizing their existing coax cable and BNC connectors, is the perfect solution for any application where the expense of replacing the existing wiring needs to be avoided.

The **HSDV220** PTZ dome offers 4.7 – 94mm, 20x optical zoom lens with 16x digital zoom, 3D Digital Noise Reduction and Digital Image Stabilization, high speed 380°/sec pan/tilt control and True Day/Night and Wide Dynamic Range for all lighting conditions. The 2MP Sony Starvis sensor is capable of operating in HD-TVI, AHD and CVBS modes, and the camera is enclosed in an IK10 impact resistant and IP66 weather resistant vandal dome.

The **HDCB225** covert board camera has 2MP, Full HD resolution and is equipped with True Day/Night, Wide Dynamic Range, 3D-Digital Noise Reduction and a 2.5mm wide angle pinhole lens for the best possible coverage. The board camera operates in both HD-TVI and CVBS mode, and its compact size makes it perfect for those applications where video observation must be covert and hidden.

The **HSDV220** and **HDCB225** cameras are engineered to work with ATV's HD Analog and legacy Digital Video Recorders for maximum stability and performance, and each supports long distance transmission over coax cable of over 1600 feet, with OSD Control via UTC included as well.

As with all ATV video solutions, sales engineering, customer service and technical support is complimentary. In addition, our powerful [ATVision IP® Video Management System \(VMS\) Client Software](#), available for both Windows and Mac computers, is complimentary without any license fees.

About Advanced Technology Video: ATV, a force in the security industry since 1983, has been delivering video solutions with unmatched reliability and value ever since. Today we're stronger than ever, with a complete lineup of video and integrated security products that set industry standards for dependability and support. Our full line of cameras, network appliances and other devices are loaded with features you won't find anywhere else at the same price. And we back those products with the best customer service and technical support available anywhere.

Security without compromise
