## Advanced Technology Video (ATV) Releases IP License Plate Capture Camera

Coppell, TX – December 16, 2016 – [Advanced Technology Video](#) (ATV), a leading provider of innovative video surveillance solutions, announces the release of a 2MP, IP License Plate Capture (LPC) camera. The **IPLPC2RI** is loaded with features and is the newest addition to the [ATV IP Series](#) product line.

The LPC camera is designed to capture sharp and clear license plate images in brilliant 2MP, Full HD resolution. The **IPLPC2RI** features a remote focus and zoom, 5.1~51mm motorized vari-focal lens, which eliminates the need for manual hands-on fine tuning. The camera uses a Sony Starvis CMOS sensor and progressive scanning for crisp and clear monochrome video images. The **IPLPC2RI** can deliver triple video streams simultaneously at up to 60-ips at 1080p resolution and includes powerful IR LED's for night-time viewing up to 80-ft and 3D-DNR for reducing noise and motion blur.

Other features of the **IPLPC2RI** include Two-Way Audio, Advanced Intelligent Health Monitoring (AIHM), Digital Image Stabilization (DIS) and powerful video analytic functions. In addition, the LPC camera has an IP66 weather resistant rating, a composite video output for installation and servicing, supports onboard storage with a Micro-SD card slot and can be powered by 12VDC or PoE.

*“ATV is very pleased to release a high quality IP License Plate Capture camera to the market at an affordable price. The new IPLPC2RI camera is a great choice for those applications where the recording and storing of license plate images is essential to public security and safety,” says Keith Shaver, Vice President of Sales and Marketing.*

As with all ATV IP cameras, ONVIF Profile S compliance is guaranteed and is complemented with ATV's powerful [ATVision IP® Remote Management Software](#) featuring video monitoring, playback, recording, setup, PTZ control, system up-grade, MAP integration and multi-site system health monitoring.

**About Advanced Technology Video:** Advanced Technology Video has been a force in the security business since 1983.
