Advanced Technology Video (ATV) Releases NEW 3MP Mini Vandal Dome

Coppell, TX – September 27, 2016 – [Advanced Technology Video](#) (ATV), a leading provider of innovative video surveillance solutions, announces the release of a new IP, mini vandal dome camera. The **IPMV3FI** is the newest addition to the [ATV IP Series](#) product line.

The fully featured 3MP **IPMV3FI** is equipped with a 3.7mm wide angle fixed lens, a 1/2.8” progressive scan, Sony Exmor CMOS sensor, True Day/Night and Wide Dynamic Range. It delivers triple video streams simultaneously at 30-ips at 1536p with H.264 and MJPEG compression. The camera has 24 IR LED’s for a night time visibility range of up to 75-ft and 3D-DNR which reduces noise and motion blur.

Other features of the **IPMV3FI** include the new **Corridor / Aisle View** orientation function, Two-Way Audio, Advanced Intelligent Health Monitoring (AIHM) and powerful video analytic functions. In addition, the camera is IP66 weather and IK10 impact resistant rated, supports onboard storage with a Micro-SD card slot and allows power options of PoE or 12VDC.

“ATV is very pleased to release a full featured, 3MP mini vandal dome. We expect this model to be adopted by many of our customers as the price is very affordable,” says Keith Shaver, Vice President of Sales and Marketing.

As with all ATV IP cameras, ONVIF Profile S compliance is guaranteed and is complemented with ATV’s powerful [ATVision IP® Remote Management Software](#) featuring video monitoring, playback, recording, setup, PTZ control, system up-grade, MAP integration and multi-site system health monitoring.
