Advanced Technology Video Bolsters IP Camera Portfolio with Fully-Loaded PTZ Speed Dome

Coppell, TX – May 16, 2017 – <u>Advanced Technology Video</u> (ATV), a leading provider of innovative video surveillance solutions, introduces a new IP PTZ Speed Dome camera, **IPSD302WI**, loaded with features which add intelligence and value to the growing <u>ATV IP Series</u> camera portfolio.

The **IPSD302WI** utilizes the 1/2.8" Sony Starvis CMOS sensor with progressive scanning, allowing exceptional, sharp video motion images in low-light applications. The Full HD, 1080p resolution and 30X optical zoom lens with auto-focus and 16X digital zoom, provide brilliant video surveillance over long distances. The **IPSD302WI** is equipped with synchronized IR and fixed IR LED's for a night-time viewing distance up to 1300ft and also includes True Day/Night, WDR and advanced features such as noise reduction, backlight control and auto-defog.

The **IPSD302WI** is a high speed, PTZ dome with a maximum 380°/sec pan/tilt speed, a 360° pan range and 180° tilt range. Other features include Two-Way Audio, Advanced Intelligent Health Monitoring (AIHM), Digital Image Stabilization (DIS) and powerful video analytics. It also supports a Micro-SD card slot for local edge recording, is IP66 and IK10 rated and offers 12VDC and PoE power source options.

"A powerful PTZ camera that is ideal for outdoor and indoor areas that require long range capabilities, ATV is committed to continuously introducing new and powerful products", says Keith Shaver, ATV's VP of Sales and Marketing.

As with all ATV IP cameras, ONVIF Profile S compliance is guaranteed and is complemented with ATV's powerful <u>ATVision IP® Video Management System (VMS) Client Software</u>, available for both Windows and Mac computers.

About Advanced Technology Video: Advanced Technology Video has been a force in the security business since 1983. Since then, we've delivered products with unmatched reliability and value to the security industry. Today we're stronger than ever, with a complete lineup of CCTV products that set industry standards for dependability and support.
