Advanced Technology Video (ATV) Announces NEW 2MP Vandal Dome Cameras

Coppell, TX – July 31, 2014 – [Advanced Technology Video](#) (ATV) a leading provider of innovative video surveillance solutions, announces the release of two new IP cameras to the [ATV IP Series](#) product line.

The **IPVD2TW** and the **IPVD2TRWI** vandal proof [network dome cameras](#) are IP66 rated which are designed to withstand impact and harsh weather conditions. They provide brilliant video quality with 2MP Full HD Resolution and deliver triple video streams simultaneously at 30ips using H.264 and Motion JPEG compression for increased flexibility. Both cameras come equipped with True Day/Night, WDR and a 3-9mm Varifocal-Auto Iris Lens. In addition, the **IPVD2TRWI** features a motorized lens for an easier installation and 24 IR LED's for night time visibility up to 65ft.

“ATV is excited to release two great outdoor cost-efficient cameras that are loaded with features. As more end-users are requesting IP solutions, we will continue to grow our IP product line”, says Keith Shaver, ATV’s VP of Sales and Marketing.

Both security cameras have a built in heater and support a micro-SD memory slot for local recording and can be powered through 12VDC, 24VAC and PoE. They are designed for a wide-range of outdoor environments.

About Advanced Technology Video: Advanced Technology Video has been a force in the security business since 1983.
