Advanced Technology Video (ATV) Releases NEW 3MP Vandal Dome

Coppell, TX – March 21, 2016 – [Advanced Technology Video](#) (ATV) a leading provider of innovative video surveillance solutions, announces the release of its new **IPVD3TI** a 3MP vandal dome camera as an addition to the [ATV IP Series](#) product line.

The new 3 Mega-Pixel **IPVD3TI** vandal dome camera is equipped with a 2.8-12mm Vari-focal Auto-Iris Lens with a 1/2.8" Sony Exmor CMOS sensor with Xarina DSP and Starvis Technology. It provides high quality video with 3MP, 2048 x 1536 Resolution and delivers triple video streams simultaneously at 30ips using H.264 compression. The camera has 36 IR LEDs for a maximum viewing range of 105ft and 3D-DNR which works to reduce noise and motion blur. Other key features of the **IPVD3TI** include True Day/Night, Two-Way Audio, powerful video analytic functions and a new corridor / aisle view orientation function. In addition, the camera is IP66 rated and supports onboard storage with a Micro-SD card slot and powers through PoE & 12VDC.

"ATV is always excited to release new cameras and this is no exception. The new IPVD3TI is a fully featured vandal dome that our current and future customers will find at an exceptional value", says Keith Shaver, ATV's VP of Sales and Marketing.

As with all ATV IP cameras, ONVIF Profile S compliance is guaranteed and is complemented with ATV's powerful ATVision IP® Remote Management Software featuring video monitoring, playback, recording, setup, PTZ control, system up-grade, MAP integration and multi-site system health monitoring.

About Advanced Technology Video: Advanced Technology Video has been a force in the security business since 1983.
