## Advanced Technology Video (ATV) Releases NEW NVR & IP Camera Packages

Coppell, TX – June 25, 2015 – [Advanced Technology Video](#) (ATV) a leading provider of innovative video surveillance solutions, announces the release of its new NVR and IP Camera packages to the [ATV IP Series](#) product line.

The new IP Systems offer four Full-HD 1920x1080 resolution bullet or mini-turret cameras along with a 4-ch and 8-ch NVR. The cameras feature fixed wide angle 3.6mm lens, True Day/Night functionality, Wide Dynamic Range and IR LEDs for night-time viewing. The IP cameras are rated IP66 for weather-tight performance and offer PoE and 12VDC power capabilities.

The 4-ch and 8-ch NVRs work with all ATV IP cameras, provide an embedded PoE switch for all channels and offer Full-HD 1920x1080 display on HDMI; also includes VGA Monitor Output. In addition to the professional license-free ATVision IP for remote viewing, the devices are compatible with Apple iOS and Android OS mobile applications.

*“ATV has received a significant amount of interest from our current and prospective customers looking to take advantage of our NVR packages. We are excited to release these products at a remarkable price”, says Keith Shaver, ATV’s VP of Sales and Marketing.*

**About Advanced Technology Video:** Advanced Technology Video has been a force in the security business since 1983. Since then, we’ve delivered products with unmatched reliability and value to the security industry. Today we’re stronger than ever, with a complete lineup of CCTV products that set industry standards for dependability and support.
