## Advanced Technology Video (ATV) Releases Three NEW Mini-Turret Cameras

Coppell, TX – November 11, 2015 – [Advanced Technology Video](#) (ATV) a leading provider of innovative video surveillance solutions, announces the release of three new 720TVL mini-turret cameras to its Value Line Series product line.

The new mini-turrets feature 720TVL Resolution, True Day/Night, Automatic Backlight Compensation, Gain Control and White Balance. The [T7T212](#) is equipped with a 2.8 –12mm Vari-Focal Auto-Iris lens and 36 IR LEDs for night-time operation up to 90ft. Both [T7T3I](#) and [T7T6I](#) offer 23 LEDs for up to 60ft of night-time operation and are available with 3.6mm or 6mm fixed lens. In addition, all three cameras are IP66 rated and are powered through 12VDC.

*“We are excited to release these cost-effective mini-turrets to our line of analog products. They are designed to fit any budget and work in a wide-range of environments”, says Keith Shaver, ATV’s VP of Sales and Marketing.*
