Advanced Technology Video Releases 600TVL Series Interior and Vandal with IR Dome Cameras

Coppell, TX – April 13, 2012 – Advanced Technology Video a leading provider of innovative video security surveillance solutions announces the release of five new interior and exterior – vandal domes to the installing community. The cameras all feature 600TVL resolution, advanced OSD, DN or TDN, vari-focal lens and a host of common DSP functions such as privacy masking and motion detection. The IR cameras feature SMART IR LEDs with illumination up to 100 feet for low-light or no-light applications.

The **FD600EDN** and **FD600DNIR** are the economy priced 600TVL, 4-9mm VF lens cameras with full D/N or TRUE D/N and IR capabilities. Basic OSD functions are easily accessible using a tactile control enabling these cameras to be workhorse dome cameras for general purpose, near-covert applications or camera replacement applications.

The **FD600TDNW** offers a 2.8-12mm VF lens, TRUE D/N operation, Digital WDR, 3-D DNR and Sense-Up capabilities with improved low-light imaging. The **VD600TDNW** and **VD600TDNWI** offer an IP66 rated vandal housing with the same performance as the interior models.

All of the new 600TVL cameras operate on 12VDC or 24VAC and offer a stinking large number of mounts including wall, pendent, flush and of course are UL listed to ensure product quality and reliability.

About Advanced Technology Video: Advanced Technology Video is an industry leader in innovative security solutions including a complete line of H.264 HDR and VLDVR (Value Line) DVR's, 600TVL day/night, 650TVL WDR, and 690TVL-E Pixim WDR cameras with on-board video analytics powered by IQ²™ technology, LCD/PVM monitors, high-performance PTZ speed domes and specialized covert cameras.
