Advanced Technology Video (ATV) announces the new IP 2MP 20X PTZ Camera

Coppell, TX – June 28, 2013 – Advanced Technology Video (ATV) a leading provider of innovative video security surveillance solutions announces the release of the **IP 2MP 20X PTZ** camera as its newest addition to the **ATV IP Solutions** product line.

The **IPSD202MT** camera offers high quality video imaging with 2MP FHD, 1920x1080 resolution. The new 20X PTZ offers TDN and WDR functionality, supports a Micro-SD slot, and the programming options for presets, patterns, tours and auto-scans typical of the ATV Speed Dome PTZ family. The IP PTZ camera is based on H.264 compression and offers a 20X, 4.7 – 94mm zoom lens and 12X digital zoom. The model provides quad streaming video streaming up to 30-ips at 1080p resolution.

As with all ATV IP cameras, ONVIF Profile S compliance is guaranteed and is complemented with ATV's powerful **ATVision Pro**® Remote Management Software featuring video monitoring, playback, recording, setup, PTZ control, system up-grade, MAP integration and multi-site system health monitoring.

“ATV is excited to expand our existing IP solutions to now include a full-featured 2MP PTZ camera to our customers. The performance of this unit is exceptional and we are happy with the opportunity to expand the ATV IP product solutions strategy with the new 20X PTZ” says Bob DeProspero, ATV Director of Sales.

About Advanced Technology Video: Advanced Technology Video has been a force in the security business since 1983. Since then, we've delivered products with unmatched reliability and value to the security industry. Today we're stronger than ever, with a complete lineup of CCTV products that set industry standards for dependability and support.
