## Advanced Technology Video (ATV) announces 600TVL Vandal Domes for Harsh Wet Environments

Coppell, TX – April 10, 2014 – [Advanced Technology Video](#) (ATV) a leading provider of innovative video security surveillance solutions announces the release of its new [CZ6T2812UWC\(I\)](#) vandal dome with option for Infrared Illumination. The camera is the newest addition to the **ATV Ultimate Series** product line.

The [CZ6T2812UWC\(I\)](#) features 600TVL Color Resolution, Advanced Digital Noise Reduction, Sense-Up (512x) for low-light applications and a 2.8-12mm Vari-focal Auto-Iris lens. The IR version is equipped with 33 IR LED's for 0-LUX operation. Both versions support IP68 rating and come with a built-in heater for harsh conditions. The camera is enclosed within a high impact resistant vandal dome housing which makes it an exceptional choice for a wide range of applications.

*“We are excited to offer our new and existing customers a feature full dome with the highest IP rating. The Vari-focal lens and IR option will allow the end-user to capture images in no-light and low-light areas at a given focal distance. The camera is a great solution for gas stations, parking lots, building entrances and exits,” says Bob DeProspero, ATV Business Development Manager.*

**About Advanced Technology Video:** Advanced Technology Video has been a force in the security business since 1983. Since then, we've delivered products with unmatched reliability and value to the security industry. Today we're stronger than ever, with a complete lineup of CCTV products that set industry standards for dependability and support. Our full line of cameras, recorders and other devices are loaded with features you won't find anywhere else at the same price. And we back those products with the best customer service and technical support available anywhere. So take a good look at all we have to offer. It's clear that whatever the needs or the application, ATV offers just what you demand.

### **Security without compromise**
