Advanced Technology Video (ATV) Releases NEW PTZ Speed Dome with IR LED's

Coppell, TX – September 4, 2014 – [Advanced Technology Video](#) (ATV) a leading provider of innovative video surveillance solutions, announces the release of its new IP PTZ camera to the [ATV IP Series](#) product line.

The **IPSD302TWI** is a unique and powerful [PTZ speed dome camera](#). It's loaded with features that include a 1/2.8" Sony Exmor CMOS sensor, 2 Mega-Pixel Full HD Resolution and a 30X, 4.3-129mm, Auto-Focus, Optical Zoom Lens with 16X Digital Zoom function. The **IPSD302TWI** is equipped with a synchronized IR LED and a fixed IR LED for a distance up to 450 ft. It delivers triple video streams simultaneously at up to 60ips using H.264 and Motion JPEG compression along with True Day/Night and WDR. The ONVIF Profile S compliant camera has a 360° pan range and 180° tilt range along with Progressive Scanning for sharp video motion images. In addition, the PTZ dome is IP66 weatherproof rated, which makes it ideal for outdoor or indoor areas that require long range capabilities with zero lux operation.

"This camera is ATV's response to feedback we've received indicating the need for more powerful features in an IP PTZ camera. We are excited to release this product to existing and new customers," says Keith Shaver, ATV's VP of Sales and Marketing.

About Advanced Technology Video: Advanced Technology Video has been a force in the security business since 1983. Since then, we've delivered products with unmatched reliability and value to the security industry. Today we're stronger than ever, with a complete lineup of CCTV products that set industry standards for dependability and support.
