## Advanced Technology Video (ATV) Releases NEW 16 Channel Network Video Recorder

Coppell, TX – September 02, 2015 – [Advanced Technology Video](#) (ATV) a leading provider of innovative video surveillance solutions, announces the release of its new 16 channel Eco NVR to the [ATV IP Series](#) product line.

The new plug and play Eco **N16P** Network Video Recorder includes 16 channels with embedded PoE switch for all 16 channels along with H.264 compression for Best-in-Class recording and storage performance. The NVR features full HD (1920 x 1080) real time recording for all channels, concurrent full HD display on HDMI in addition to VGA monitor outputs and offers powerful Pentaplex functionality with simultaneous live, recording, playback and backup and network. In addition, the **N16P** supports 2 hard disk drives, 1 e-SATA external device and data backup via USB 3.0.

*“ATV is excited to release this powerful NVR to our new Eco Series 4-and 8-ch NVR family. These products represent a perfect solution for customers looking to upgrade their IP surveillance system”, says Keith Shaver, ATV’s VP of Sales and Marketing.*

The new powerful network video recorder is also ONVIF compliant includes the professional license-free ATVision IP for remote viewing and is compatible with Apple iOS and Android OS mobile applications.
