Advanced Technology Video Releases IP Camera Series – Box, Interior and Vandal Dome Cameras

Coppell, TX – April 30, 2012 – Advanced Technology Video a leading provider of innovative video security surveillance solutions announces the release of nine new box style, interior and exterior – vandal domes and a single-channel video server to the installing community. The cameras all feature OnVIF connectivity for common camera functionality, dual streaming video, TRUE D/N, many with 2-way audio.

The **IPE1CH** server offers D1 resolution, H.264 compression and 2-way audio.

Both D1 and 2M resolutions are available in the **IP560TDN** and **IPC2MT** box style cameras. The 2MP camera provides FHD resolution and on-board SD card storage.

All four common resolutions; VGA, D1, 1M and 2M resolutions are available in the **IPFD600**, **IPFDD1TW**, **IPFD1MT** and **IPFD2MT** cameras. The cost competitive VGA resolution model offers a 2.8-12mm VF lens as does the 1M model, while the 1M and 2M models offer 3-9mm VF lens, all models support on-board storage and all except the VGA support TRUE D/N operation. The D1 model also offers Digital WDR.

The vandal domes offer three common resolutions; D1, 1M and 2M in the **IPVDD1TW**, **IPVD1MT** and **IPVD2MT**. The D1 resolution model offers a 2.8-12mm VF lens, while the 1M and 2M models offer 3-9mm VF lens, all three models support on-board storage and TRUE D/N operation. The D1 vandal model also offers Digital WDR.

All of the new IP products operate on PoE, 12VDC or 24VAC and each camera is provided with license free VMS software in addition to OnVIF support and are UL listed to ensure product quality and reliability.
