Advanced Technology Video Releases New Expanded Web Site Resources

Coppell, TX – April 30, 2012 – Advanced Technology Video a leading provider of innovative video security surveillance solutions announces the on line release of the redesigned **atvideo.com** website.

The new website will be a complete resource for the ATV customers by; offering opportunities to partner with ATV, providing access “where to buy”, providing product and technical support resources; including articles, glossary, tools and storage calculators, videos, media presentations, DVR and IP camera view links, success stories, news and up to date events schedule to talk to ATV representatives as well as information and links to all the popular ATV social media platforms such as Facebook, Twitter, YouTube and Blog.

ATV has gained significant progress in the market over the past year with the introduction of new products; including IP, and new 700TVL analog cameras, new strategic distribution partnerships, new pricing and expanded customer service focus. We are pleased to release the new website resource to the industry for our customers and industry partners, reports Bob DeProspero, ATV Director of Sales.

About Advanced Technology Video: Advanced Technology Video is an industry leader in innovative security solutions including a complete line of H.264 HDR and VLDVR (Value Line) DVR's, IP Products, 600TVL day/night, 650TVL WDR, and 690TVL-E Pixim WDR cameras with on-board video analytics powered by IQ²™ technology, LCD/PVM monitors, high-performance PTZ speed domes and specialized covert cameras.

For more information on this and other innovative products please contact us at 888-288-7644 or visit **www.atvideo.com** for the latest products, literature, training and industry news.
